TACOMA-PIERCE COUNTY
WASHINGTON (USA)

IMPRESSIVE TALENT & BREATHTAKING VIEWS

From our vibrant communities to our world-class economy, the entire Seattle-Tacoma-Bellevue region is increasingly identified as a top destination for the creative class. We offer beautiful views of Mt. Rainier, waterfront and outdoor recreation, a growing international airport with global connections, and employment anchors like Amazon, Microsoft, Boeing and Zillow. But beyond the picturesque panoramas and global giants, there are very practical reasons technology companies succeed in the Puget Sound—our world-class regional workforce; a data network stretching from Canada to Southern California and across the Pacific to Asia; and supportive business programs designed to help you launch operations successfully.

MAGNET FOR TALENT

Twenty-five regional colleges and universities, along with 36 technical schools, produce 56,800 graduates a year, including 17,750 with related engineering, mathematics, analytics, business and other high-tech degrees. Across the entire Seattle-Tacoma-Bellevue area, there are 298,000 people employed in select computer and engineering-related occupations, with 71,122 specifically related to applications and systems software developers. Washington State was ranked the #1 in the nation for its health care, education, economy and opportunities by US News and World Reports (2019) and for its economy by WalletHub (2019).
